PROGRAMME

OUR 2026 PROGRAMME AT
Eggbuckland Community College

The BIG Step invites your child on our transition programme, to achieve:

- ✓ **Smoother transition** from primary to secondary school
- ✓ **Develop and improve** students' self-esteem and confidence
- ✓ **Familiarising them** with their new surroundings
- ✓ Help to meet and **make new friends**
- ✓ Build **teamwork, resilience, and skills** for secondary school success

How to help them make the transition to secondary school – it's something we all worry about.

It's a big step and you want to do everything you can for them.

A secondary school teacher myself, I set up **The BIG Step** in 2018, to help ease the transition from primary to secondary school. I saw those September nerves in the children I taught. I knew that a little summer preparation would make all the difference. Some kids hit the ground running, others need gentle encouragement.

It's the small things that make it a big step.

**“Will I find my way around?” “Will I fit in?”
“Where are the loos?” “Will I make friends?”**

Our one-week summer programme tackles all this and more. We work really closely with schools to offer just the right programme to help your child make the big step.

Oh, and we have a lot of fun along the way.

A fabulous experience, bridging the primary and secondary transition. The organisation and leadership was fantastic – and if you have the opportunity to be involved I would recommend it!
