How You Can Help at Home

Create a Positive Study Environment

- Provide a quiet, distraction-free study space.
- Have the right resources (notes, textbooks, stationery).
- Set a balanced routine that includes study, breaks, and rest.

Help with Organisation & Time Management

- Create a revision timetable with them (break study into chunks).
- Help them set realistic goals for each session.
- Use timers to manage study sessions effectively.

How You Can Help at Home

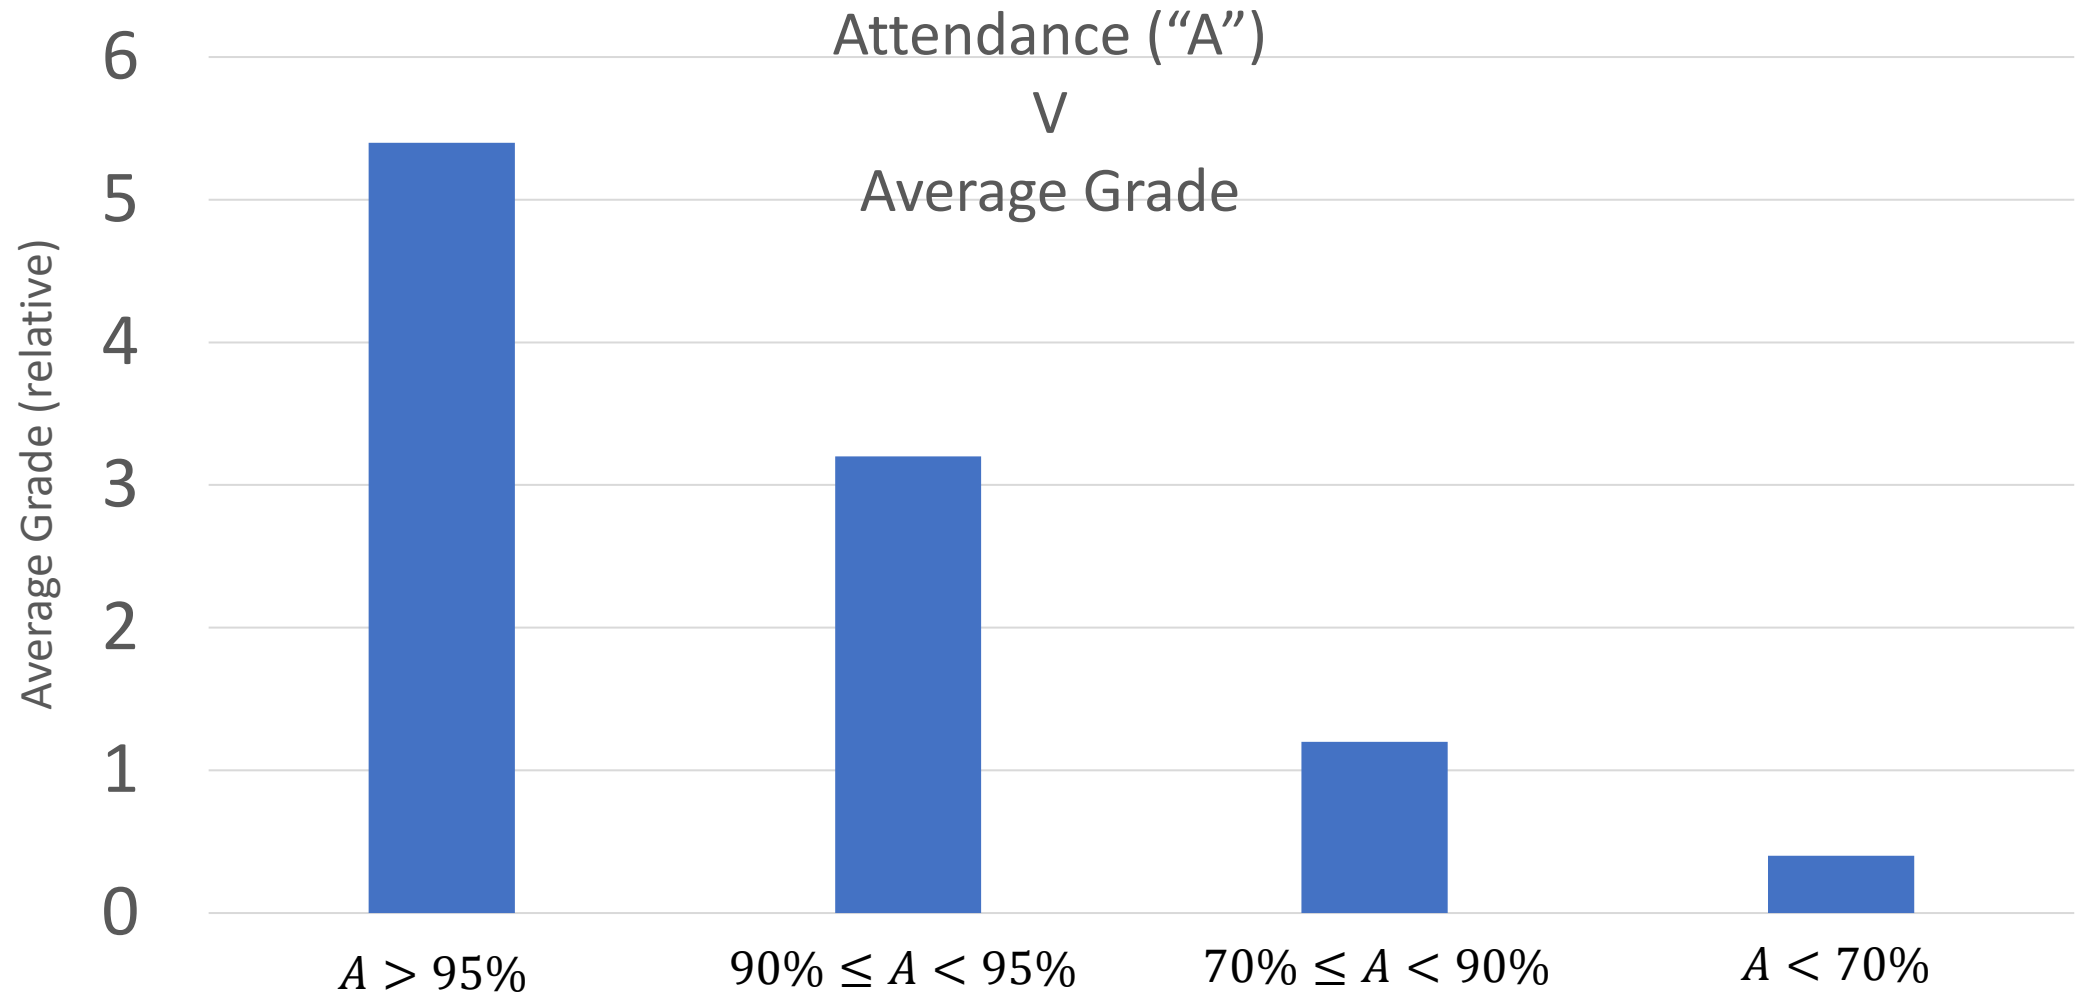

Encourage Active Revision Techniques

- Suggest past papers and mark schemes for practice.
- Help them use flashcards, mind maps, or summarising notes.
- Use tutor booklet.
- Ask them to 'show you' what they have done.

Support Wellbeing

- Promote exercise or fresh air to relieve stress.
- Support them to get enough sleep.
- Avoid busy weekend plans during this period.

Mock Exams

Mock exams are crucial in helping students prepare for their Summer GCSE exams, and experience formal 'exams':

- Students to learn how to balance their time.
- Students see how their revision, attendance and attitude to learning is reflected in their exam performance.
- Students experience what it feels like to physically be in exam venues.
- Prepares students for their GCSE exams, and to 'feel the weight' of the exam series.

Mock Exams

- Students get feedback which allows them to address misconceptions and prepare for their next series.
- Students will receive an estimated current grade from the content sat.
- Current working grades are used for Sixth Form, Colleges or potential employers.
- Setting & Period 0 Groups – ensure the 'right student' is in front of the 'right teacher'.

To Year 11 & 13 Students and their Parents and Carers,

Year 11 & 13 Exam Session 1 (Internal Examinations / Mocks)

Students will be sitting their first set of Year 11 & Year 13 Examinations during the period of Monday 21st October to Tuesday 19th November 2024, with the main window being the 2 weeks after half term. The purpose is to provide students with an opportunity to enhance exam techniques, test out new revision strategies and experience formal tests in their chosen GCSE, GCE, Level 2 and Level 3 subjects, so it is essential that they are treated seriously. Staff at the College will use the results to help students in the future by targeting support, revision, and interventions personal to each student. The results of these examinations will be given to your child in an assembly on Thursday 28th November.

Please note that as in the real public exams, all students must write in black ink and will need to bring their own scientific calculator to Maths and Science exams (and other option subjects where these are required). They should have at least one spare pen, a pencil and ruler with them, all of which must be held in a transparent pencil case. Specific examinations will require specialist equipment, for example a compass and protractor. Mobile phones and other such devices, including any type of watch, must not be taken into the examination hall. We will be following JCQ regulations as closely as possible as we run these examinations: <https://www.jcq.org.uk/exams-office/information-for-candidates-documents/>

A timetable showing all the examinations can be found attached to this letter. Morning examinations will start at 9.00am and afternoon examinations at 11.40am. For all morning exams, students must go to tutor at 8.35am where they will be registered by their tutor for 'last chance' revision and escorted to the Sports Hall for the start of their exam. For afternoon exams, students should arrive at the venue at least 5 minutes before the examination begins. Please note that the exams vary in length. When students are not in an examination, they must attend their usual College timetabled lesson. Nearer the examinations your child will receive a personalised timetable containing specific details. If there are any errors in this, your child should make contact with the examinations office (exams@eggbuckland.com) in the first instance. It should be noted that seating arrangements are subject to professional advice and cannot be changed on the day of examination.

Please help support your child through this process in any way you can. This might involve helping them find a quiet place to revise, checking that they are focusing on the revision they are doing, talking to them about what they have learned and testing their knowledge. Helping them to understand that preparing for exams does take effort, but does not need to be stressful, would also be helpful. Such support at home can make a significant difference to exam results.

Literature:

Why we aren't doing a full Literature paper yet

- Paper 1 is *Macbeth* and *A Christmas Carol* → we haven't studied *A Christmas Carol* yet.
- Paper 2 is *An Inspector Calls*, Power & Conflict poetry, and Unseen Poetry → we haven't finished all the poems or Unseen Poetry yet.

English: Mock Exam Paper Structure

Literature:

What this means

- In October, you'll sit two, separate, 50-minute literature papers that equate to the same marks as Literature paper 1.
- One 34-mark essay question on '***Macbeth***' and one 30-mark question on '***An Inspector Calls***'.
- The same combination as your Year 10 summer mock.
- This time, it's a chance to show progress and strengthen exam skills before we add the other texts.

English: Mock Exam Paper Structure

Language:

- **Write a speech/letter/article** on a given topic.

Spoken Language Endorsement:

- To be done week beginning 13th October
- Actual GCSE exam
- Part of the Language GCSE
- Does not contribute to the numbered grade for Language e.g Grade 6
- Students receive an additional certificate with their results at 'Pass, Merit or Distinction.'
- Students must speak in front of a teacher on a topic for 3 minutes before being asked questions.

English: Top 3 Tips

1

Complete your weekly homework. It is designed to 'boost' your skills.

2

Use Educake to test/fill in gaps in literature knowledge (Macbeth/An Inspector Calls).

3

Practise- often! Practise planning and writing the extended writing answers (Tuesday Time Trials).

GCSE Combined Science Grades

Students achieve a combined Grade in Science equivalent to 2 GCSEs.

Examples:

Reported Grades 9 8

This approximating one Grade 9 and one Grade 8.

Reported Grades 5 4

This approximating one Grade 5 and one Grade 4.

Reported Grades 4 4

This approximating two Grade 4s.

Exam Access Arrangements

- The majority of students sit their exams in the Sports Hall.
- Under the new 2025 JCQ regulations, Exam Access Arrangements must be the candidate's **normal way of working**, with **substantial history of need**.
- For students where we have substantial history of need, alongside extensive teacher evidence of normal way of working, they have already begun to trial their access arrangement in their Mock Exams.

Exam Access Arrangements

It is important to note that:

- The centre (school) must adhere strictly to the JCQ regulations
- Granting arrangements without the required evidence would constitute malpractice
- Access arrangements are not given on the basis of preference or a diagnosis alone; they must reflect how the candidate ordinarily works at school and what is needed to remove a disadvantage

Not Rocket Science!

- **Choice** - Choosing to do the right thing.
- **Grit** - Doing the small, often boring things automatically.
Relentlessly.
- **Selfishness** - The most important person in the world right now is sat in your seat. Prioritise yourself.
